SPRING PRODUCTIONS:

Spring is almost officially here—can you tell? Ready for flowers, green grass, picnics, beach fun and shooting video outdoors? Hopefully soon, very soon...

Apparently, one effect of our cold weather has been to encourage indoor pursuits, as our studio has been very busy lately. Recently, we have had the guys from Outside the Box filming, Rosann from the NWPA-ALF shooting a new show about voting, and the Amazing Grays with their guests from MHA of NWPA and Habitat for Humanity.

Studio use during April 18-21 will be devoted to recording our Access to the Candidates shows, featuring candidates running for local public office. The program provides the citizens of Erie a unique resource to learn more about who they are voting for prior to the Primary Election on May 16.

Our annual coverage of the Erie City Mission's event, Knock Out Homelessness, will air soon. Check out our new and updated website: www.catverie.org to view our program schedule and find out when shows air.

Currently, we have a group of 13 students from the Charter School of Excellence taking classes in our studio on Mondays and Tuesdays in March. They students will learn SD and HD Field Cameras, Field Audio, and our Field Lighting classes. Be on the lookout for some exciting new content from these CSE students in the next few months.
